# Who we are

Since GHIL Network Services Ltd was established and authorised in 2009, our aim has been to develop long term relationships with our clients by providing a professional, friendly and reliable service via our dedicated, motivated and enthusiastic advisers who are formally trained and professionally qualified to provide financial advice.

By creating effective solutions our advisers will help our clients achieve their goals whether creating, growing , preserving or benefiting from their wealth. When choosing GHIL to assist you in meeting your requirements, you can be assured of dealing with experienced professionals committed to providing you with a first class service.

None of us know what the future holds, so whatever your age and stage of life, planning for your future is essential.

## What we do

Our service is built around comprehensive financial planning and sound investment principles. By exploring your goals and objectives we can tailor a financial strategy specific to your needs. Our financial planning process is broken down into a series of stages which focus on ensuring your life aspirations and the investment of your money are carefully aligned. Having completed a detailed review of your current position and arrangements, we will provide you with specific recommendations and explain the benefits and risks associated with the approach we have suggested. If you are happy with our recommendations we will help you complete the relevant paperwork and put your financial plan in place. As your aspirations evolve in your life, so should your financial plan and we will be on hand to review this with you on a regular basis.

## Supporting our clients

We understand that from time to time our clients may find themselves dealing with circumstances which could mean they are potentially vulnerable. For example, a change in health, caring for a family member or coping with the loss of a loved one. There are many different types of vulnerability, and what makes one person vulnerable might not affect someone else. When we are vulnerable, our need for financial advice may change. However, admitting vulnerability or seeking help can sometimes feel hard.

If this is something you would like to discuss with your adviser, please ask for a copy of our support guide. This guide is designed to help explain vulnerability and the ways in which we might be able to support you. If you feel any of the circumstances in the brochure apply to you, please talk to us.

# How we work

## Consultation

- Introduction
- Agree how we work together
- Agree remuneration method

### Fees

At our expense

We will introduce ourselves and provide information about our business, how we would like to work with you, the intermediary services we can provide and the costs of those services.

A key part of the financial advice process is deciding what services you would like and to agree how you would like to pay for them.

At this stage of the process, we will agree with you your priorities and the appropriate fees prior to commencing any work.

We cannot charge you a fee for work completed without your prior agreement.

Please ensure you are clear about the services you want and how you will pay for them before we proceed with any work that may incur a charge. We will not exceed a specified budget limit without first consulting with you and receiving your written commitment to proceed further.

## Understanding and Analysis

- Identify goals and objectives
- Information gathering
- Assess objectives
- Review existing plans
- Research

### Fees *exempt from VAT*

A fee of £1000

Once we have decided to work together, we gather personal and financial information from you and we will talk to you about your financial goals, so we can work out our recommendations and advice including which products would be most suitable for your needs. We also gather detailed information about your current financial plans, policies and any commitments.

Where we are considering your investment needs we will assess your attitude to investment risk, this will help us to understand how much investment risk you are willing to take with your money.

It's important that you provide us with full and accurate information so that we can complete a suitability assessment and only recommend products or services that are suitable for you.

We cannot guarantee that we can meet all your objectives and financial goals but we can work with you to help you work towards them.

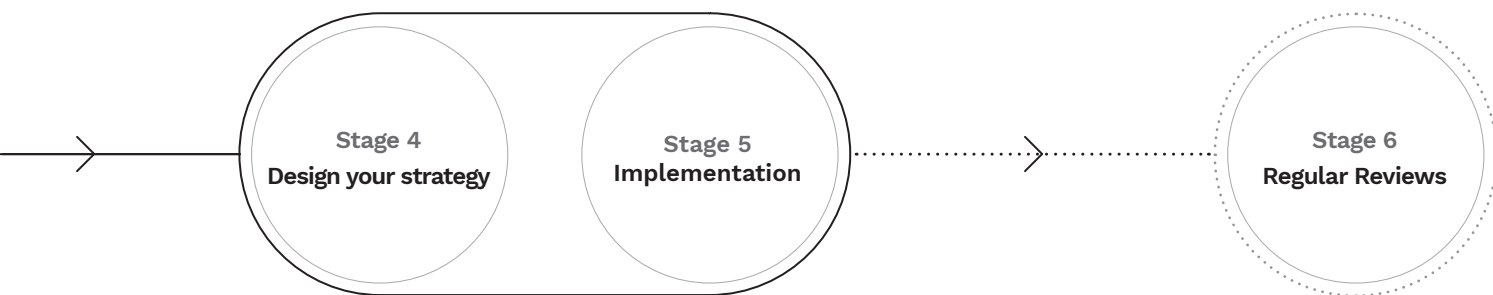

*NB. If you decide to appoint us as your Adviser(s) and the work required to assess your circumstances and provide you with advice is outside of our standard charging structure, we reserve the right to apply a chargeable fee of £175 per hour for advice and £75 per hour for administration.*

*If this applies, we will advise you in writing before undertaking such work and give you an estimate of the total cost involved.*

### **An example of our hourly rates**

If you had particularly complex affairs or multiple arrangements that required analysis and this was to take five hours' administration time and five hours' advice time, the total charge would be £1,250.

## Advice and Implementation

- **Devise investment strategy**
- **Select investment provider** *if applicable*
- **Complete documentation**
- **Process applications**

**Fees** *exempt from VAT*

### Lump Sum

4%

### Regular Premium

An amount equal to 30% of the first 12 months' contributions.

Once we've gathered all the necessary information, we will provide you with tailored financial recommendations on the areas you wanted to review. The reason we undertake this suitability assessment is so that we can act in your best interests.

We will then agree the recommendations you want us to implement, in order to meet your needs and objectives. This may also include any broader or more complex planning such as trust work. Where relevant, our services and charges for referring clients to discretionary fund managers will be disclosed to you separately.

We will help you complete the relevant application(s) and any additional information required. It is vitally important you check all the information you have provided is correct before you sign any documents. We will then monitor your application(s) through to product issue and make sure you receive the related product documentation. Where you choose to make regular contributions, our fee may be spread over a longer period dependent on our agreement.

#### **An example of an Advice & Implementation charge**

If you invested £100,000 and the agreed charges were 4% this means £4,000 excluding VAT would be immediately deducted from your investment or paid to us direct.

#### **An example of a Regular Premium charge**

For example, if you invested £100 a month and the agreed charge was 30% of the first 12 months' contributions, the total charge would be £360. If you choose to pay this in instalments, £30 would be deducted from each of the first 12 months' contributions.

## Ongoing Service *optional*

**For example, we will:**

- **Review your financial plans**
- **Provide you with regular valuations**
- **Invite you to regular meetings**

### Fees<sup>1</sup>

A percentage of funds under management, dependent on ongoing service.

Please see overleaf for details

We aim to build long-lasting trusted business relationships with all of our clients. An essential part of this is to continually review your arrangements to ensure that they continue to match your goals and objectives and remain suitable at any given period throughout your financial planning lifetime.

We can provide you with ongoing support and servicing options to suit your specific needs in areas which you have identified as being important to you.

If you elect to receive an Ongoing Service, we will charge you a percentage of your investments based upon the level of service you've chosen. This will be deducted from your investments, of which 0.12 per cent goes to The Openwork Partnership on an ongoing basis. This charge pays for ongoing technology and administrative support for investment products provided to my firm by The Openwork Partnership to help maintain the quality and delivery of our Ongoing Service to you. In addition, my firm also pays a percentage of the total fees to The Openwork Partnership for the advice support services that they provide.

For example, if you invest £100,000 at a maximum agreed ongoing service charge of 1.12%, you will pay £1,120, per annum excluding VAT. The ongoing service charge may increase as the fund grows.

Ongoing Service is optional. If you choose to take it you can cancel at any time.

<sup>1</sup>Exempt from VAT if incorporated within the same fee agreement as Advice and Implementation. Otherwise subject to VAT.

## Additional points to note

### **Omnis Investments and Openwork Wealth Services Limited**

Some of the investment products we offer have access to funds provided by Omnis Investments Ltd. This includes the Omnis Managed Portfolio Service, provided by Openwork Wealth Services Limited (OWSL), which utilises the Omnis funds. Omnis and OWSL are companies within the Openwork Group controlled by Openwork Holdings Limited.

As the Authorised Corporate Director of the funds, Omnis Investments Limited is paid an annual management charge from the funds. This is not an additional cost to you, but is paid out of the Ongoing Charges Figure disclosed in the Key Investor Information Document.

### **Other interests**

The Openwork Partnership may receive information and documentation from the product providers it works with to support the provision of their products and services to you. Occasionally product providers may provide training to our advisers, or be invited to participate in business meetings and training events that cover the features and benefits of their product or service, or on the wider investment and pensions market. This may involve the provider contributing a reasonable and proportionate amount to the cost of the event, which may include the provision of food and drink.

## Pure Protection Products

We arrange the policy with the insurer on your behalf, you do not pay us a fee for doing this. We receive commission from the insurer which is a percentage of the total annual premium. This means that if you purchase one of these products we will receive commission in addition to any adviser charges / fees you may have been or will be paying The Openwork Partnership for investment-related services. The amount of commission will be disclosed separately should you purchase one of these protection products. You will receive a quotation which will tell you about any other fees relating to any particular insurance policy.
